

# GLOBAL ROVE EVENT

Global Rove Event (GRE) specializes in the strategy, management, and execution of events of all sizes and types across the globe. Our unique value is our ability to listen, be agile, and provide flexible, creative solutions. Our success is a direct result of our passionate and dedicated team that serves our customers every day. This agility and dedication served us well as we thoughtfully expanded our event management and SMMP from mostly live in-person events, to virtual and hybrid environments.

**We help create purposeful, engaging experiences that connect & inspire—online or in-person!**
